This Publication Is The Product of a Member of

Thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a

business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organizations and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

BUYERS' GUIDE (page 25)—Advertisements of leading houses in all lines where more information than is possible to give under the headings, is placed on file for Buyers' Reference, the value of which department cannot be over estimated. It is an index to the best interests of the city, and stands for them and the city in reference libraries all over the country as well as on the desks of progressive business men. It is accessible to everybody and the logical place to look for specific information. This probably explains why no other form of publicity is so greatly endorsed by business men as a glance at this department will show.

ALPHABETICAL SECTION—Plainfield (page 45), Westfield (page 689), Scotch Plains (page 965), Fanwood (page 997), Dunellen (page 889), gives names, occupations and addresses of all men twenty years old or over, together with wife's name where married, also widows with given name of husband. Full copartnership and corporation information is contained in this department, together with complete business and professional information. Names in large type are those who realize the value of placing themselves where they may be speedily and conveniently found.

INTRODUCTION

R. L. POLK & CO., publishers of Richmond's Plainfield City Directory, as well as more than 700 other county, city, state and national directories, present to subscribers and the general public, this, the 1928 edition of the Plainfield Directory, which also includes directories of North Plainfield, Westfield, Mountainside, Dunellen, Fanwood and Scotch Plains.

Confidence in the growth of Plainfield, in its wealth, industry and population, as well as in the advancement of its municipal and social activities, will be created as sections of this directory are consulted, for, truly, the directory is a mirror reflecting Plainfield to the world.

The enviable place occupied by Richmond's directories in offices, stores, libraries and homes thruout our country, causes the publishers to forecast the belief that the Plainfield Directory will fulfill its mission as a source of authentic information of any and every kind pertaining to our city and community. With an unrivaled organization, having the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user.

Four Major Departments

The several essential departments are arranged in the following order:—

THE STREET AND AVENUE GUIDE for Plainfield covers pages 17 to 24. In this section the names of the streets and avenues are arranged in alphabetical order, with descriptions as to starting points, terminations and relative positions to other streets. A similar guide for Westfield is contained in pages 683 to 685; for Dunellen, in pages 887 to 888; for Fanwood, in pages 995 to 996, and for Scotch Plains, in pages 961 to 963.

THE BUYERS' GUIDE, pages 25 to 44, printed on tinted paper, contains the advertisements of leading manufacturing, business and professional interests of Plainfield and vicinity. These pages will be found particularly interesting and instructive to the substantial elements of the community. The advertisements have been carefully grouped by departments and are indexed under headings descriptive of the business represented. This is reference advertising at its best and, as such, merits a survey by all buyers keen to prime themselves on sources of supply. The community's activities, in many interesting phases, are authentically pictured to reveal what it has in its show window. In an ambitious and progressive community like Plainfield, the necessity of having this kind of information immediately available, is very great and,

frequently, pressing. General appreciation of this fact is evidenced by the liberal patronage the city directory enjoys in the many fields which it serves.

THE ALPHABETICAL LIST OF NAMES of residents, business firms and corporations for Plainfield is included in pages 45 to 682. A feature of this section is the inclusion of the wife's name in parenthesis following that of the husband. A similar list for Westfield is included in pages 689 to 885; for Dunellen, in pages 889 to 963; for Fanwood, in pages 997 to 1014, and for Scotch Plains, in pages 965 to 993.

THE CLASSIFIED BUSINESS DIRECTORY is contained in pages 1015 to 1175. This department lists the various manufacturing, mercantile and professional interests of the whole community in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable epitome of the business interests of the community. "The Directory is the common intermediary between Buyer and Seller." As such it plays no small part in the daily doings of the business world. "More goods are bought and sold through the Classified Business Directory than through any other medium."

Community Publicity

The directory reflects the achievements and ambitions of the community, depicting in truthful terms what it has to offer as a place of residence, as a business location, as an industrial site and as an educational center. To broadcast this information over the country, the publishers have placed copies of this issue of the directory in Directory Libraries, which are maintained in all the chief cities of the country. Here they are readily available for free public reference and serve as perpetual advertisements of Plainfield and vicinity, for business men, the country over, realize that the city directory represents the community as it really is.

The publishers appreciatively acknowledge the patronage of those progressive business and professional men who have expressed their confidence in the city directory as an advertising medium, with assurance that it will bring a commensurate return

DO YOU KNOW THAT A COPY
 OF THIS DIRECTORY OF

PLAINFIELD

is being placed in the Directory Libraries and among the commercial bodies, business men's clubs, chambers of commerce and the larger business institutions throughout the United States?

No other medium on earth can convey so complete and comprehensive an index of the city, its various industries, its business, educational and religious institutions, its social life and its people.

No other medium can tell so fully of its wonderful growth, its opportunities and its possibilities for the future.

This Publication Is The Product of a Member of

Thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a

business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organizations and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

Do you realize that a City Directory advertisement is a testimonial to the permanency, the stability, of the advertiser?

That's the sort of concern all of us want to patronize, because we know when they sell us merchandise they are behind it in every way, today, tomorrow, and for the years to come.

"Fly-by-night," "fire-sale" and other temporary or "get-rich-quick" concerns rarely appear in the City Directory.

And it is a noteworthy fact that the concerns which advertise one year in the city directory are there again next year. **90% of directory advertising is renewed.**

Directory advertising is profitable. In connection with the classified business headings it is doubly effective.

May we explain how and why it will pay you?
